

Name _____ Phone _____

Material / colour you like _____ Rough timeline _____

Backsplash ☐ Yes — height: _____ ☐ No Edge profile (if known) _____

This image shows a full page of blank graph paper. The grid consists of small, uniform squares formed by thin, light blue horizontal and vertical lines. The paper has a white background and is framed by a dark border. There are no markings, text, or drawings on the grid.

- Measure along the wall, in inches. Standard counter depth is 25.5 in. Note any section that is deeper or narrower.
- Mark on your sketch: S = sink R = range / cooktop DW = dishwasher F = fridge. Draw an arrow where each run meets a wall.
- Note any overhang or breakfast bar and how far it sticks out (e.g. 12 in. overhang for stools).
- If you want the backsplash in the same material, sketch those wall sections too and give their lengths and height.
